Plant Protection Office

Dear Friend:

The Restoration Advisory Board (RAB) will not meet in February due to lack of funding. We plan to continue our meetings in March if funding arrives in time. We will notify you next month by letter of the date, time, and location.

We appreciate your support and interest. If you have any questions or need additional information, please contact Mr. Rodger D. Allison, Plant Protection Office, telephone 319-753-7130, e-mail address rallison@teamiowa.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodger D. Allison".

Rodger D. Allison
Environmental Coordinator
RAB Co-Chair
